

ACCUFAST[®]

The ACCUFAST KT

The ACCUFAST KT is a feature rich basic tabbing machine. It uses plain circular or rectangular tabs either opaque or clear. It tabs pieces up to 1/4" in thickness and it rolls the waste up on a take up spool. At speeds of 15,000 per hour or so, it is a stretch to refer to the ACCUFAST KT as a basic tabber – there's a lot of the professional in the KT.

The ACCUFAST KT Mail Tabber

ACCUFAST KT

- applies 1 tab per piece
- tabs 15,000 pieces per hour
- tabs pieces 5" to 12" wide, from 20 lb. thin to 1/4" thick, coated and uncoated
- runs a variety of 1" tabs: paper & clear, circles & rectangles, on rolls with or without tractor holes
- built-in waste take-up spool
- weighs 47 pounds
- measures 10"l x 17"h x 21"w
- uses 115 volts 2 amps 60 hz or 230 volts 1 amp 50 hz
- goes in-line with ACCUFAST and other tabletop Labelers and Printers
- its outstanding feature is its ability to run virtually any 1" tab, and tab virtually any piece
