Secap 22K
Desktop Inkjet Address & Barcode Printer

Affordable, Inkjet Addressing

The 22K inkjet printer offers fast and accurate printing and barcoding at an affordable price. This compact printer allows you to complete your mailing without leaving your desk, improving productivity and convenience. Meet your mailing requirements with the 22K printing up to 22,000 pieces per hour.

- Address outgoing mail fast and accurately
- Handles a variety of media up to 1/8" thick including postcards, #10 envelopes, 9x12 envelopes, and more!
- Compact and convenient desktop printer
- Simple "plug and play" interface with your computer and database
- Enhance the look of your outgoing mail using logos, graphics, message lines and spot color, too!

Get Your Mail Out Faster & Easier with Professional Results

Improving the productivity of your office is a challenge that is easily attained with the 22K. Now you can accomplish your mailings right from your desk and without stress to your organization.

The 22K processes up to 22,000 pieces/hour so addressing your mail is no longer a time-consuming task. It prints high quality addresses and barcodes directly onto your mailpiece or envelope reducing preparation time and postage costs. Unique messages can be created using your Windows based fonts. Adding spot color will help to get your mail opened and read! With the ability to handle a wide range of media, your outgoing mail can be printed in-house with a professional look and professional results!
