

GRÜTZMACHER®

PERFORMANCE IN PAPER MANAGEMENT

EASI & EASI LIGHT

ENVELOPE INSERTING SYSTEM

The Easi range meets the demands of many applications because of its versatility and flexibility.

The Easi is a continuously running heavy duty machine which provides a smooth high-speed face-up throughput for the inserts and envelopes.

As with all Grützmacher Envelope Inserting Systems the Easi has many configuration possibilities to suit a wide variety of customer applications.

With a machine cycle speed of up to 4,500 items per hour envelope sizes from DL to C4 the Cayman is ideally suited for many business types that require a precise, flexible and reliable system at a low cost of ownership.
