

KR 319B Mailing System

Entry-level, W'inkjet based mailing system

KR Feeder and Transport

- *Heavy-duty friction or shuttle feeder*
- *Vacuum top transport*
- *Compact design*
- *Modular design means components can be matched with other equipment.
i.e. use the KR 319B inline with an inserter
or use the KR 496F with a KR 215 IJ*

W'Inkjet Addressing System

- *Hewlett-Packard inkjet cartridge technology for high quality print and reliable operation.*
- *Keep-Alive feature ensures print quality throughout a production run.*
- *1.5" image area upgradeable to 3"*
- *W'inkmate layout software – Straightforward*

KR 435 Tabber

- *Side register belts keep tabs tight*
- *Quick setup*
 - *automatic tab sensor calibration*
 - *automatic tab placement setting*
 - *side to side top plate adjustment*
- *Touch screen simplifies operator training and setup*
- *Large 18" roll capacity*

KR 319D Drying System

- *Includes KR 319D Vacuum transport and KR 881 Drying System*
- *Modular design means it works with most addressing systems*
